

### **Teacher Support Organization (TSO)**

**What is TSO:** TSO is a teacher support organization formed over four years ago to help the teachers at Lo-Ma Schools.

**How does TSO support the teachers:** Supportive parents take part in finishing projects for teachers on designated teacher help nights. Parents also actively participate in fundraising for the teachers which include basket raffles, working at the school carnival, and movie nights in the park. Food is also furnished at the parent teacher conferences by TSO members which allows teachers time to eat in between conference meetings. TSO has also reimbursed teachers up to \$100 per semester for their out of pocket school expenses.

Teacher Support Organization is committed to the enrichment of our teachers and children in which they educate.

We in TSO feel it vital to the growth and development of our organization to receive feedback, comments and/or suggestions from our teachers.

Please feel free to contact us with any feedback, concerns or suggestions that you may have.
