

Logan-Magnolia TSO

Teacher Support Organization

WHAT IS TSO: TSO is an organization formed in 2005. The purpose of the TSO is to support Lo-Ma teachers as many of them give “above and beyond the call of duty”. As parents and community members, we will help teachers offset their personal classroom costs and provide hands-on help with some of their duties and tasks. By using our “time, treasure and talents” in ethical, practical and helpful ways, we can be involved in our children’s education and support our school.

WHO IS TSO: TSO is made up of parents, students, grandparents and community members who want to support our school, teachers and students.

HOW DOES TSO SUPPORT THE TEACHERS AND SCHOOL: Volunteers take part in finishing projects for the teachers throughout the year at regularly scheduled Teacher Help Nights. We also actively participate in fundraising for the teachers which include basket raffles and working in the baseball/softball concession stand. TSO reimburses teachers each semester for their out of pocket expenses. To date almost \$30,000 has been reimbursed to them since the Fall of 2007. TSO has also started awarding one or two scholarships to applying seniors each year.
