Please review this information and sign the Acknowledgement Form in the back of this handbook. Return the form to the Business Office by September 1. If you have any questions about this handbook, please contact the Business Office. This handbook is a general source of information and may not include every possible situation that could arise. It is not intended, and does not constitute a contract between the District and employees.

It is the employee's responsibility to refer to the District Policies for further information. If a conflict exists between the information in this handbook and the Board Policies, the Board Policies and procedures shall govern.

DEFINITIONS

The term "Board" or "employer" shall mean the Board of Education of the Logan-Magnolia Community School District or its duly authorized representative or agent.

The term "employee" shall mean all licensed and certified employees of the Logan-Magnolia Community School District.

The term "day" shall mean a workday when school district employees are required to perform services.

INTRODUCTION

This manual contains only general information and is provided as a guide. It is not intended to be a contract or any part of a contractual agreement between Logan-Magnolia CSD and the employee. Logan-Magnolia CSD reserves the right to modify, delete, or add to any processes, procedures, or statements made in this manual. Edits will be made annually and periodically, if needed. Some of the subjects described here are covered in detail in other official district documents or Board Policy. Please refer to other documents and/or Board Policy for more specific information.

Many of the forms, policies and manuals are available on the district's website.

The manual is effective immediately upon issuance and receipt, and supersedes all previous instructions or directives concerning business procedures within the district.

EMPLOYEE COMPLAINTS

Complaints of employees against fellow school employees shall be brought directly to the supervisor, principal or superintendent and shall be made in a constructive and professional manner. Complaints shall never be made in the presence of other employees, students or outside persons. A formal grievance procedure is contained in this handbook. **See Appendix A.**

LICENSED EMPLOYEE WORKDAY

The workday for licensed employees shall begin each day of the school year except holidays at 7:50 a.m. and end each day at 3:50 p.m. Licensed employees who are employed only during the academic year shall have the same workday as other licensed employees. "Day" is defined as one workday regardless of full-time or part-time status of an employee. Licensed employees are to be in their assigned school building during the workday. Advance approval to be absent from the building must be obtained from the principal whenever the licensed employees must leave the school building during the workday. The building principal is authorized to make changes in the workday in order to facilitate the educational program. These changes shall be reported to the superintendent. The workday outlined in this policy is a minimum workday. Nothing in this policy prohibits licensed employees from working additional hours outside the workday.

Employee Searches

Employees should have no expectation of privacy in their classrooms, desks, computers or other school district provided space or equipment. The school district may look into these items when needed. Anything on the school district's computers, server, website, etc. and in school district files, etc. are considered a public record and open to public inspection. If the school district conducts an examination or inspection under the terms of this policy, there will be at least two individuals present at the time of the examination or inspection. Should the school district get a request to see this information, at that time, a determination will be made whether the information can be withheld as confidential information. The school district assumes no responsibility or liability for any items of personal property which are placed in the desk or work space which is assigned to employees.

Copyright Regulations

Copyright is a form of intellectual property that protects original works of authorship including literary, dramatic, musical, and artistic works. The copyright laws of the United States make it illegal for anyone to duplicate copyrighted materials without permission. Severe penalties are provided for unauthorized copying of all materials covered by the act unless the copying falls within the bounds of the “fair use” doctrine. Any duplication of copyrighted materials by district employees must be done with permission of the copyright holder or within the bounds of “fair use.”

Employee Use of Cellphones

School district and personal phones and message devices are to be used appropriately at times that do not conflict with the employees’ duties. **All personal calls should be made during sanctioned breaks.** District telephones are only for official school business. Failure to follow this guideline will result in disciplinary action, up to and including termination.

Use of School Facilities and Equipment

The district attempts to maintain equipment and supplies which permit work to be accomplished in the most efficient and effective manner possible. While employees are encouraged to use these items, it is important to understand that they are school district property only to be used for conducting school district business.

Abuse or misuse of school district or non-district owned property is to be reported immediately to the Superintendent. Failure to do so will limit district responsibility and/or increase employee responsibility. It is expected That all employees will use care and caution when using district and non-district property.

Dress and Grooming

All employees are required to dress in a professional and appropriate manner. Any clothing which could be deemed unsafe could result in disciplinary action. Clothing deemed inappropriate will be discussed with the employee. Tank tops, tube tops, sleeveless shirts, short shorts and halter tops are not considered professional attire. Questions about appropriate attire should be addressed to the building principal. Also, as role models for students, all staff members are expected to not only dress appropriately, but to practice exemplary hygiene.

Employee Outside Employment

The board believes that the primary responsibility of employees is to the duties of their position within the school district as outlined in their job description. The board expects that district employees will give the responsibilities of their positions in the school district priority over any other employment. Employees with external employment must keep the two positions separate and the external job cannot impact the school district job. Should a supervisor believe the external position is impacting the internal one; the supervisor will address it with the employee.

Insubordination

Insubordination, disobedience, failure or refusal to follow the written or oral instructions of supervisory authority or to carry out work assignments will not be tolerated. Insubordination will result in discipline up to and including termination.

Relationships with Co-Workers

School district employees are encouraged to create an environment where co-workers' collaboration and cooperation add to the overall functioning of the district and fulfillment of individual job responsibilities. All employees must have a respectful attitude toward their job and co-workers, and they should not allow students, teachers, fellow workers or others to interrupt or demean their work.

Staff Technology Use/Social Networking

Usage of the school district's computer resources is a privilege, not a right, and use entails responsibility. All information on the school district's computer system is considered a public record. Whether there is an exception to keep some narrow, specific content confidential is determined on a case by case basis. Therefore, users of the school district's computer network must not expect, nor does the school district guarantee, privacy for email or use of the school district's computer network including websites visited. The school district reserves the right to access and view any material stored on school district equipment or any material used in conjunction with the school district's computer network.

Employees shall not post confidential or proprietary information, including photographic images, about the school district, its employees, students, agents or others on any external web site without consent of the superintendent. The employee shall adhere to all

applicable privacy and confidentiality policies adopted by the school district when on external websites. Employees shall not use the school district logos, images, iconography, etc. on external websites. Employees shall not use school district time or property on external sites that are not in direct-relation to the employee's job. Employees, students and volunteers need to realize that the internet is not a closed system and anything posted on an external site may be viewed by others, all over the world. Employees, students and volunteers who do not want school administrators to know their personal information should refrain from exposing it on the internet. Employees who would like to start a social media site for school district sanctioned activities should contact the superintendent for approval. Once approved by the superintendent, the employee must work with the technology coordinator in establishing and maintaining the site.

Searches of Students and Property

In order to protect the health and safety of students, employees and visitors to the school district and for the protection of the school district facilities, students and their belongings and school owned lockers and desks may be searched or inspected without a search warrant.

Employees must adhere to district policy and administrative regulations regarding the search, pat down or inspection of a student and his or her belongings.

Student Funds and Fundraising

Student fundraising for school activities may occur upon approval of the school board prior to the fundraising event or the start of a fundraising campaign and with an employee overseeing the fundraising. Funds raised remain in the control of the school district and the board.

School-sponsored student organizations must identify a specific purpose for fundraising and secure the approval of the principal prior to spending the money raised.

Transporting of Students by Employees

Generally, transportation of students is in a motor vehicle owned by the school district and driven by a school bus driver. Students may be transported in private vehicles for school purposes. It is within the discretion of the superintendent to determine when this is appropriate.

Individuals transporting students for school purposes in private vehicles must have the permission of the superintendent and meet all applicable requirements set by the district. Private vehicles will be used only when:

The vehicle is in good condition and meets all applicable safety requirements

- The driver possesses a valid drivers' license

- Proof of insurance has been supplied to the superintendent and insurance satisfies the minimum coverage requirements for driving personal vehicles in the State of Iowa, and
- The parents of the students to be transported have given written permission to the superintendent

Bloodborne Pathogens

Annually, all employees will be given the opportunity to take the bloodborne pathogens training and *all teachers* will be required to take the training.

Employee Injury on the Job

Employee and student safety is a major district concern. An employee should therefore remove him or herself from and report any situations where employee safety is compromised. If an employee becomes seriously injured on the job, the employee's supervisor will attempt to notify a member of the family, or an individual of close relationship, as soon as the employee's supervisor becomes aware of the injury.

If possible, an employee may administer emergency or minor first aid. An injured employee will be turned over to the care of the employee's family or qualified medical professionals as quickly as possible.

It is the responsibility of the employee injured on the job to inform his/her immediate supervisor within twenty-four hours of the occurrence. It is the responsibility of the employee's immediate supervisor to file an accident report within twenty-four hours after the employee reported the injury.

Weapons

The district believes weapons and other dangerous objects in school district facilities cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees, and visitors on the school district premises or property within the jurisdiction of the school district.

Employees are prohibited from bringing weapons and other dangerous objects on school grounds. Weapons under the control of law enforcement officials or other individuals specifically authorized by the board are exempt in accordance with law and board policy.

PUBLIC COMPLAINTS ABOUT EMPLOYEES

The board recognizes that situations may arise in the operation of the school district which are of concern to the parents and other members of the school district community. While constructive criticism is welcomed, the board desires to support its employees and their actions to free them from unnecessary, spiteful, or negative criticism and complaints that do not offer advice for improvement or change.

The board firmly believes concerns should be resolved at the lowest organizational level by those individuals closest to the concern. Whenever a complaint or concern is brought to the attention of the board it will be referred to the administration to be resolved. Prior to board action however, the following should be completed:

(a) Matters concerning an individual student, teacher, or other employee should first be addressed to the teacher or employee.

(b) Unsettled matters from (a) above or problems and questions about individual attendance centers should be addressed to the employee's building principal for licensed employees and the superintendent for classified employees.

(c) Unsettled matters regarding licensed employees from (b) above or problems and questions concerning the school district should be directed to the superintendent.

(d) If a matter cannot be settled satisfactorily by the superintendent, it may then be brought to the board. To bring a concern regarding an employee, the individual may notify the board president in writing, who may bring it to the attention of the entire board, or the item may be placed on the board agenda of a regularly scheduled board meeting in accordance with board policy 214.1.

The board will address complaints from the members of the school district community if they are in writing, signed, and the complainant has complied with this policy.

CERTIFIED STAFF WORKDAY

The normal workday for a full-time employee shall be eight (8) consecutive hours. All employees shall have a twenty-minute lunch period.

The District will administer hours of work with regard to early dismissals, late starts and closing before holidays, as was the practice in the 1992-93 school year.

LEAVES OF ABSENCE

Sick Leave

Sick leave for personal illness or disability of a full-time or part-time employee shall be credited annually to employees who report for duty on the following basis:

First Year	10 days
Second Year	11 days
Third Year	12 days
Fourth Year	13 days
Fifth Year	14 days
Sixth and Subsequent Years	15 days

Unused sick leave may accumulate from year to year up to a maximum of one hundred twenty (120) days. The District may require a doctor's written statement confirming the necessity for such leave.

Up to four (4) days of the twelve (12) days per year may be used for leave in the case of serious illness or injury to the employee's siblings, the employee's children's spouses, and the employee's grandparents and grandchildren.

MATERNITY, PATERNITY and ADOPTION LEAVE

The purpose of maternity leave is to allow the birth mother a chance to recover from a significant health occurrence and/or time to bond with a new child.

The District will allow up to 12 weeks to be used from the employee's accumulated sick leave balance. If the employee's sick leave balance is not enough to cover the requested time off, a per diem deduction will occur based on the employee contract. For contracted/certified positions, the actual deduction will occur over the remainder of the contract period following the birth or adoption, once the date the employee is returning to work is established.

The leave period is calculated from the date of birth or adoption, regardless of when it occurs. Breaks and vacations are included in the calculation of the leave period. For example, if the leave period falls over a holiday or vacation day, the holiday will not be deducted from sick leave.

Paternity leave will be granted up to five days to be used from accumulated sick leave for the purpose of caring for the newborn or mother. Any paternity leave needed beyond five days will be allowed up to 12 weeks total as unpaid leave and a per diem

deduct will occur based on the employee's contract. For contracted/certified positions, the actual deduction will occur over the remainder of the contract period following the birth or adoption, once the date the employee is returning to work is established.

Logan-Magnolia Community School District supports the federal Family Medical Leave Act (FMLA), which allows up to 12 weeks per year of unpaid, job-protected leave to assist eligible employees in balancing family and work life for qualified family medical reasons. Requests for FMLA leave should be made to the Business Office.

An employee may be granted up to two (2) days of personal leave for a year. Requests for approval of such leaves must be presented in writing to the appropriate principal five (5) days in advance of the requested absence day based upon availability of a substitute. An employee may be granted professional leave with pay at the sole discretion of the District. Requests for such leave shall be submitted to the Superintendent at least ten (10) days in advance of the requested absence date.

Funeral Leave

An employee may be granted up to three (3) days of leave with pay in the event of the death of grandparents, brothers and sisters.

An employee may be granted two (2) days per year to attend a funeral not defined above. Once an employee has exhausted these two funeral days, the employee may convert sick leave into extra funeral leave with a maximum of two (2) extra days allowed in one school year as per Superintendent approval. These days will convert at a one (1) day to one (1) day conversion.

Other Leaves

The Superintendent shall have the sole discretion to grant additional leaves of absence in extenuating circumstances. The employee will have the cost of the substitute deducted from his/her regular pay for such a leave.

Further, the Superintendent has the sole discretion in extenuating circumstances to approve any of the aforementioned leaves even though the employee does not meet the requirements for such a leave. Such time will be charged back to the appropriate leave. The decision of the Superintendent is not grievable.

Unpaid Leave

The District, in its sole discretion, may grant an employee an unpaid leave of absence.

HOLIDAYS

The following days will be holidays and included into the employee's Contract working days:

1. Labor Day

LICENSED EMPLOYEE EVALUATION

Evaluation of licensed employees on their skills, abilities, competence and relationship with students shall be an ongoing process supervised by the building principals and conducted by approved evaluators. The goal of the formal evaluation of licensed employees, other than administrators, but including extracurricular employees, shall be to improve the educational program, to maintain licensed employees who meet or exceed the board's standards of performance, to clarify the licensed employee's role, to ascertain the areas in need of improvement, to clarify the immediate priorities of the board, and to develop a working relationship between the administrators and other employees. The formal evaluation criteria shall be in writing and approved by the board. The formal evaluation shall provide an opportunity for the evaluator and the licensed employee to discuss the past year's performance and future areas of growth. The formal evaluation shall be completed by the evaluator, signed by the licensed employee and filed in the licensed employee's personnel file. This policy supports and does not preclude the ongoing informal evaluation of the licensed employee's skills, abilities and competence.
